A close-up photograph of a circular sign mounted on a white brick wall. The sign has a dark grey background and a white, scalloped outer edge. The word "FIKA" is prominently displayed in large, white, three-dimensional block letters. Below it, the words "BAR & KITCHEN" are written in a smaller, white, sans-serif font. The lighting creates soft shadows on the wall.

KAKI

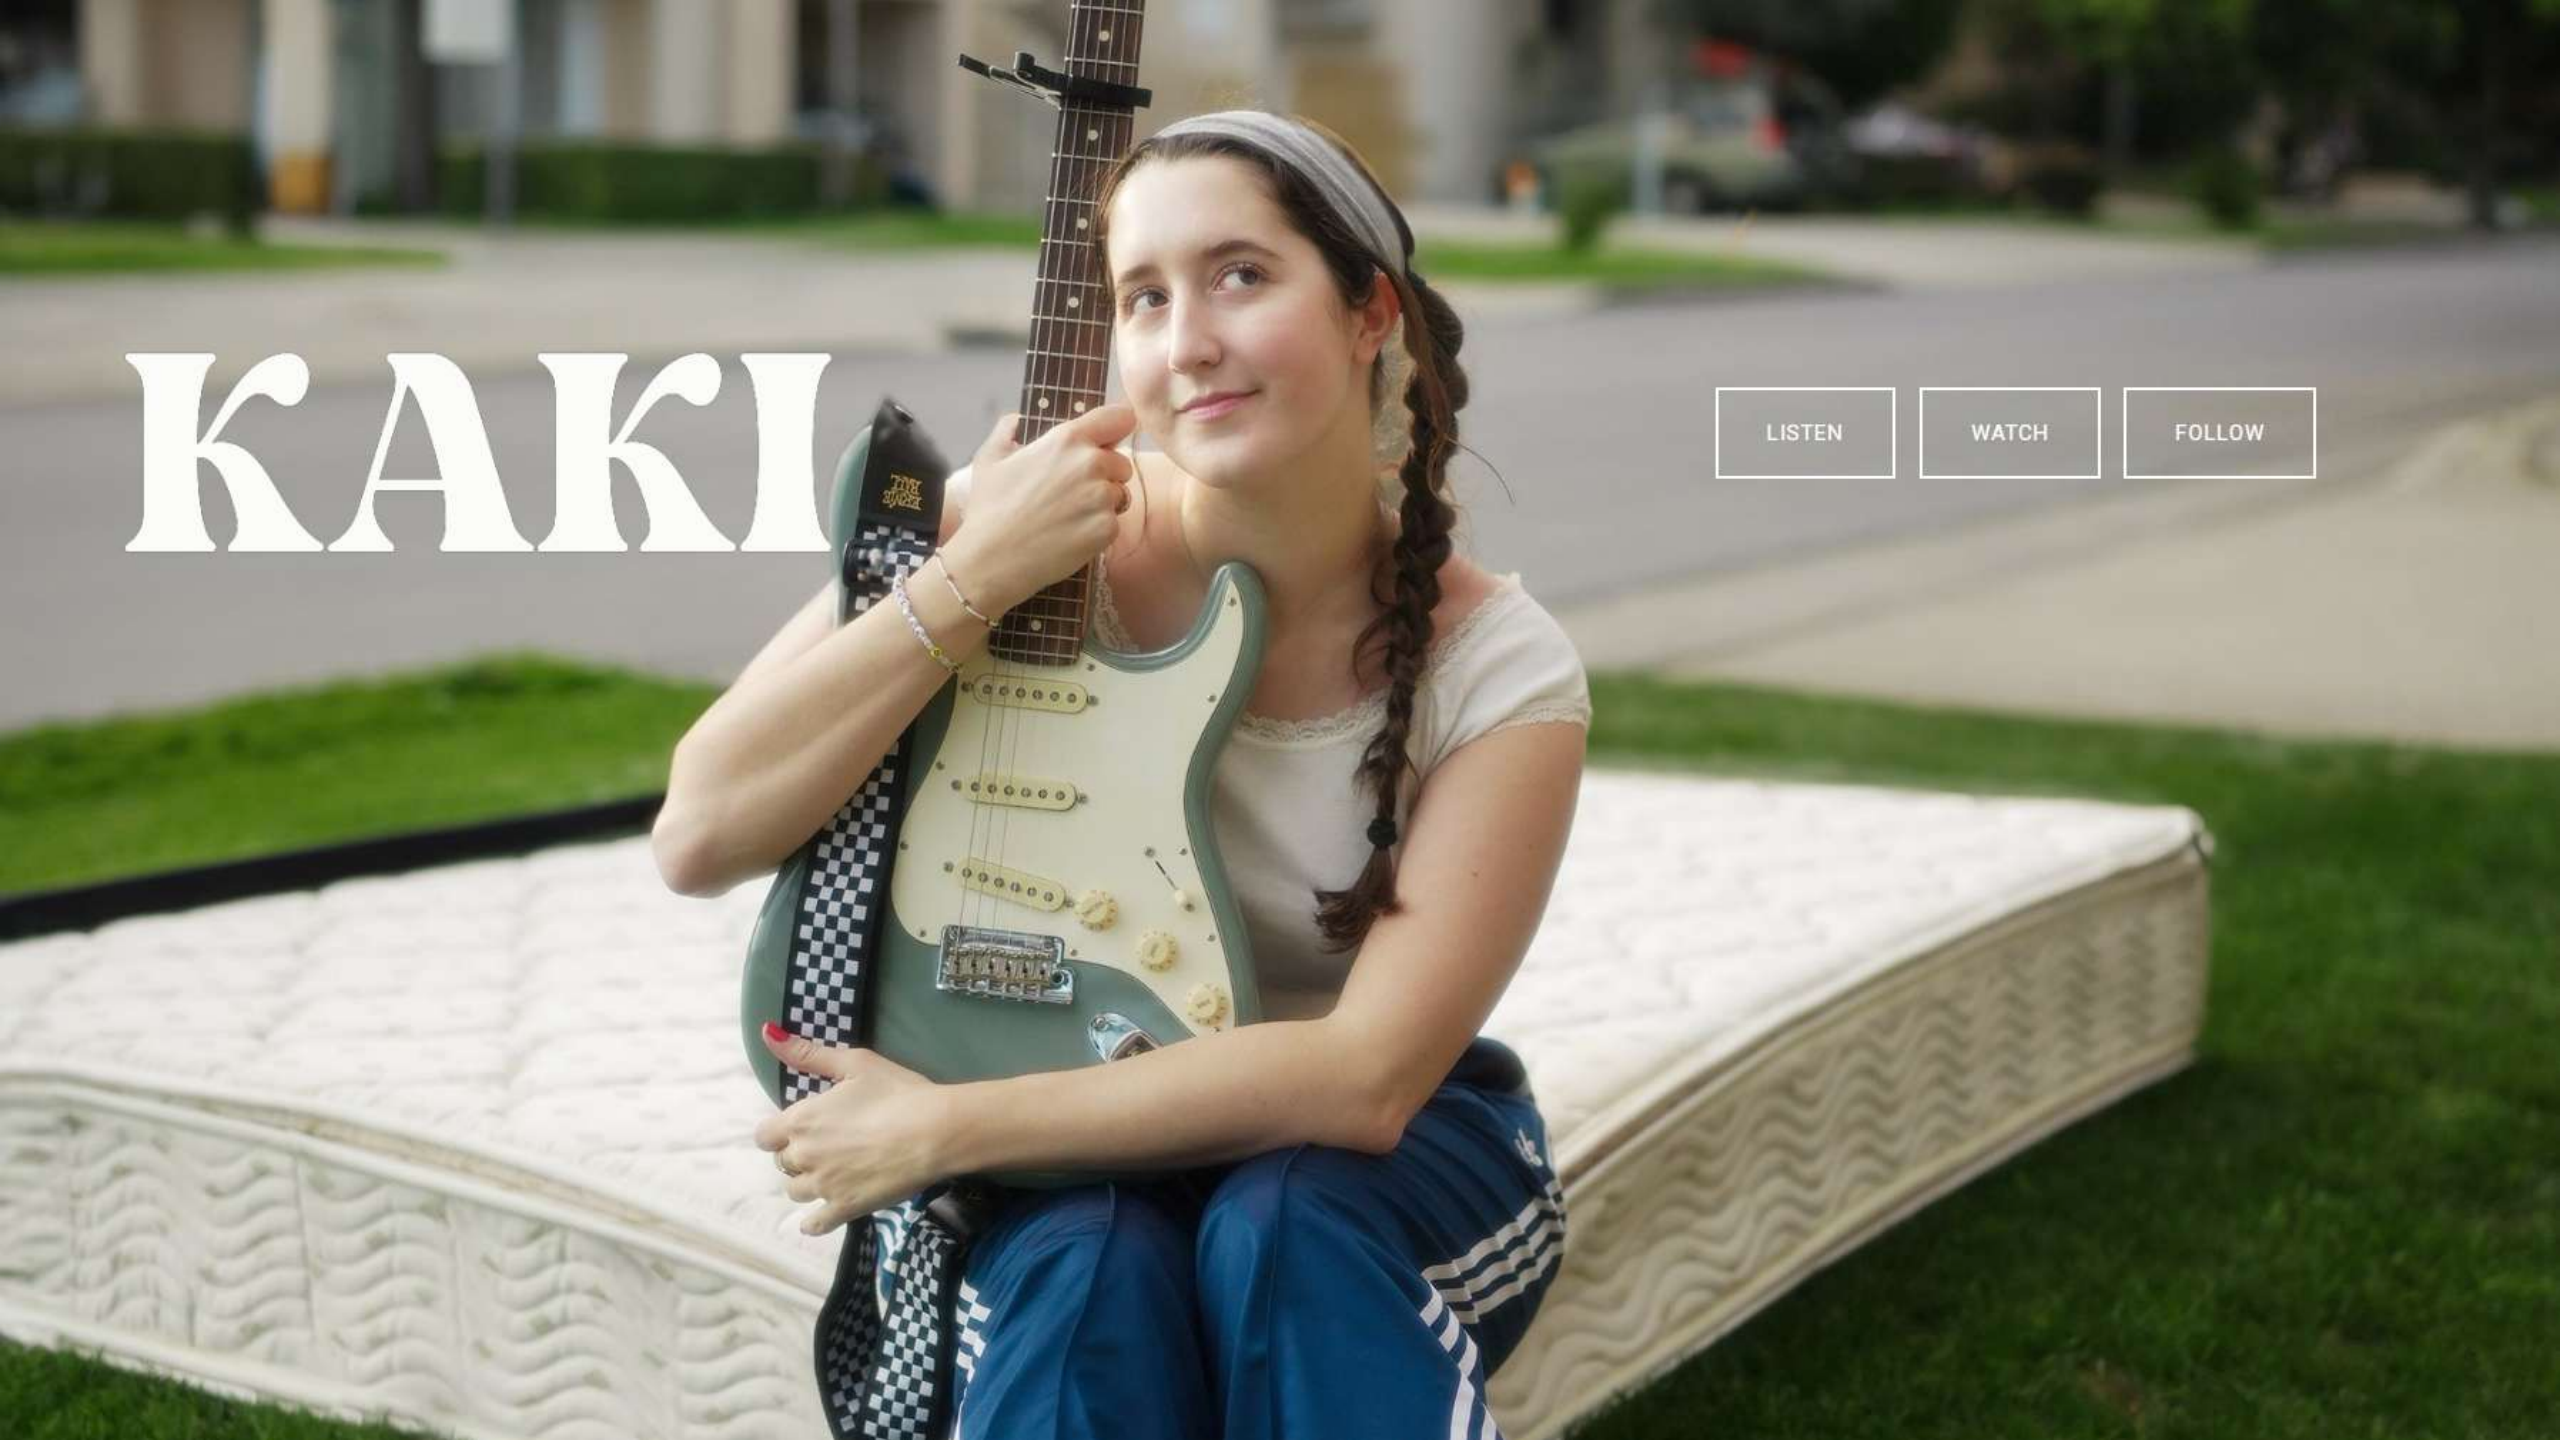

A close-up photograph of a green LED driving device, a small rectangular component with a metallic base and a green top, mounted on a green printed circuit board (PCB). The component has "D3 00H8" printed on its top surface. The PCB features various electronic components, including resistors and other integrated circuits, and the text "ASSEMBLED IN" is visible on the right side.

ABOUT KAKI Co., Ltd.

ABOUT

KAKI 's LED driving device is a power supply component of

Pina Beauty Glass Skin Facial Kit

Gentle exfoliation, deep hydration, and a healthy, rosy glow.

SKINCARE EDITION

What You Need to Know

MYTHS

- Sunscreen is only for sunny days.
- Oily skin doesn't need lotion.
- Washing your face a lot clears acne.
- Soap bars dry out your skin.
- Natural products don't work.

FACTS

- UV rays can harm your skin every day. Protect it daily with **Pina Beauty!**
- **Pina Glow** lotion hydrates without feeling greasy, giving your skin the perfect balance.
- Over-washing dries your skin. **Pina Beauty** helps you cleanse effectively while keeping your glow intact!
- **Pina Glow & Light** keep your skin soft, fresh, and radiant!
- **Pina Beauty soaps** use watermelon to nourish your skin naturally.
